“Chonkwon” means Heaven’s Great Mighty, which is the origin of all of the creatures and itself the cosmos.

It’s infinite competence signifies the creation, change and completion. Human beings have used the name of the Heaven for all principal earthly shapes and meanings because they had felt afraid of the Heaven’s Mighty.

Over 9,000 years ago, the founder of the Korean people, “Hwanin”, was met by the Heavenly King. He settled down in the “heavenly” town as the capital near the heavenly sea and heavenly mountain, where the Han people, as the heavenly race, gave birth to the proper thought and actions from which Taekwondo has originated.

The poomsae Chonkwon is based on such sublime history and thoughts.
